## MASSED TROOPS IN BERLIN HOLD REDS IN CHECK

(Continued from First Page.)

civilians were killed, according to an  
aviator who has arrived here by air-

plane from Halle. The troops also  
suffered casualties.  
During the fighting, the aviator re-  
ports, the German forces and threw  
them into the River Saale, where they  
permitted them to drown. There was  
much looting prior to and during the  
fighting and the property loss is said  
to be heavy.

The Spartacist leaders fled from the  
city and are reported to have taken a  
large amount of city funds with  
them. The government troops have  
proclaimed a state of siege in Halle.  
The Radicals are still endeavoring

to extend the general strike move-  
ment to Southeastern Saxony, and  
street fighting occurred yesterday at  
Zeitz, Saxony.  
Advices from Bremen state that pa-  
litical prisoners there have been re-  
leased by insurgents. The electric  
and gas works are in insurgent hands.  
The attempt to call a general strike  
in Dresden was a complete fiasco.  
The occupation of Düsseldorf by  
Government forces has been accom-  
plished without opposition, according  
to an official bulletin. The Radicals  
are endeavoring to extend the gen-  
eral strike movement to Southeastern  
Saxony.

The Spartacists have inaugurated a  
movement to seize Koenigsberg, East  
Prussia, and thereby open a route of  
communication to Moscow, so that  
Bolshevik armies from Russia might  
move to the assistance of the Spar-  
tacist forces, according to another Gov-  
ernment bulletin.

Government troops, however, dis-  
armed the Spartacist Home Guard in  
Koenigsberg after considerable fight-  
ing.

BERLIN, Switzerland, Tuesday, March 4.—Government troops have  
been gathered in Berlin to the num-  
ber of 28,000, according to advices  
from the German capital received  
here.

It was announced at Monday's  
meeting of the Berlin Workmen's  
Councils that the railway men in  
Central Germany had declared for a  
general strike.  
Grave incidents, including looting,  
are reported from Magdeburg and  
Hannover.

WEIMAR, Tuesday, March 4 (As-  
sociated Press).—Two of the city  
Councilors of Erfurt, a few miles  
away, succeeded in reaching Weimar  
this morning and immediately de-  
manded food. They declared they had  
not eaten for two days. They re-  
ported the majority of the population  
in Erfurt starving, because the Spar-  
tacists had seized all the food supplies  
and distributed them exclusively  
among their own adherents.

Erfurt also is without water and  
light. It is impossible to bury the  
dead.

## 14,000 VETERANS OF THE 27TH WILL BE HOME TO-MORROW

(Continued from First Page.)

right now that "doling" is not the  
military term for it—is to be done  
at Camp Merritt and at Camp Mills.  
These camps will be vast boudoirs  
until the division is sent and span  
for the Fifth Avenue parade.

At the Advance Detachment Head-  
quarters it was announced this morn-  
ing that as soon as possible after the  
assembling of the men at the two  
camps short leaves of absence will be  
granted to many of them, perhaps to  
the majority—so that the first two or  
three days of next week may be set  
aside in New York homes for hugs,  
kisses, chicken dinners, fireside war  
stories straight from the front, moon-  
light strolls in pairs, getting-ac-  
quainted parties for war babies, ex-  
planations of war crosses, sleeve de-  
corations, &c., and repeating all the  
things that were said in a barrel of  
letters mailed a year ago but not yet  
delivered.

Lieut. Col. J. Leslie Kincaid, Chair-  
man of the Committee on Arrange-  
ments for the division's welcome, said  
to-day that he had heard from the  
Mayors of the other New York cities  
to which members of the division al-  
ready have returned, and that these  
executives have arranged to send the  
soldiers back to New York for the  
parade. They will be sent in city de-  
tachments.

## HOPE TO SETTLE HARBOR STRIKE IN MEETING TO-DAY

(Continued from First Page.)

award, as laid down in President  
Wilson's instructions from Paris."

The President, during the tie-up in  
January called to the War Labor  
Board to have another hearing from  
both sides and that both sides must  
abide by its decision. It was in-  
dicated that the Government would  
enforce the observance of this de-  
cision.

The tie-up of the harbor was not  
complete this morning, notwithstanding  
that the 16,000 members of the  
affiliation are reported to be out.  
After the service of the Fort Lee  
line was tied up for a day one boat  
was put into operation this morning,  
running on a half-hour schedule.  
The boats of the Delaware and Lack-  
awanna Railroad, between this city  
and Hoboken, were running full blast  
and a number of independent tug-  
boats were being operated for the  
army and navy.

The removal of the city's garbage,  
which has been rapidly becoming a  
nuisance to the city's health, was  
settled to-day when the New York  
Towboat Exchange offered the use  
of its 400 tugs for the job. The use  
of the boats was offered to Mayor  
Hylan for every day as long as the  
strike may last, the city to pay only  
the employees. The boat owners said  
that they can supply licensed mas-  
ters, deckhands, cooks and oilers.

Representatives of boat owners said  
tugs and other craft would be put  
back in commission as rapidly as new  
crews could be signed up, and that  
they expected to have a fair per-  
centage of boats back in service within  
a week. It was stated several of the  
tugs owned by the Moran Towing  
Company and the Merritt-Chapman  
Company were again in commission  
and accepting business.

G. M. Bodell, Superintendent of the  
Union Ferry Company, announced  
that 150 men went out at 5 A. M.  
to-day, tying up the seven Hamilton  
Avenue, Atlantic Avenue and Fulton  
ferryboats, running between Brook-  
lyn and Whitehall and Fulton  
Streets, Manhattan.

CONGESTION IN TUBES AND ON  
FERRY STREETS.

There was again another congestion  
of traffic in the Jersey tubes, al-  
though many took early trains to  
avoid the rush of the business hours.  
On the Jersey side trolleys and jitneys  
were jammed all morning, their ob-  
jectives being stations along the line  
of the Hudson and Manhattan sub-  
way.

Motor trucks, wagons and autos  
were stalled on both sides of the  
North River where the ferries were  
operating, and there was a long line  
of vehicular traffic extending from the  
Battery for several blocks up White-  
hall Street, bound for Staten Island.  
Army and Navy autos and trucks  
were given the right of way on all  
sides.

The Greenpoint Ferry, operated by  
the city, plying between East 23d  
Street and Greenpoint, is still run-  
ning, and will remain in operation  
unless the strikers decide to call out  
the men from the Municipal boats.  
Then, it is said, on account of the  
men being under Civil Service, they  
will have to give twenty-four hours'  
notice before walking out. They also  
stand a chance of losing their jobs,  
under the provisions of Civil Service,  
in case of walkout.

Milk and mail service were given  
the preference on the Staten Island  
boats, and this applied to the boats  
between Manhattan and Hoboken. A  
fifteen-minute service is being main-  
tained on the latter ferries, those of  
the Delaware and Lackawanna.

The Port of Embarkation declared  
its ability to take care of supplies for  
the outgoing transports, using its  
own tugs and lighters for the trans-  
portation of beef and other stores.

## TODD QUILTS AS ASSISTANT ATTORNEY GENERAL OF U. S.

Resignation Announced as Wilson  
Sails—President Signs Commis-  
sions of Palmer and Williams.

G. Carroll Todd has resigned as  
United States Assistant Attorney  
General, it became known here to-  
day, prior to the departure of Presi-  
dent Wilson for Europe.

Mr. Todd had charge of prosecu-  
tions under the Sherman Anti-Trust  
Law, and had been mentioned as a  
successor to Attorney General Thomas  
W. Gregory.

Palmer as Attorney General and John  
Skelton Williams as Comptroller of the  
Currency were signed by the President  
shortly after midnight aboard the

were taken to Washington by United  
States Marshal McCarthy.

## 25,000 TROOPS MAY LAND IN NEW YORK TO-MORROW, BREAKING ALL RECORDS

Nineteen Thousand Men Sure to  
Arrive on Four Ships, and Two  
More May Come.

OFFICERS of the Port of  
Embarkation declared to-  
day that there is every  
chance that arrivals of American  
soldiers at this port from France  
to-morrow will break all records.  
Four big ships, carrying 19,122  
men are sure to arrive, officials  
say, and two more may come in  
with 6,620 additional. On the list  
of certainty are placed:

ard Line piers at 9 A. M.

Pier 4, Hoboken, 11:30 A. M.  
Mauretania, 3,736 men, due at  
Cunard Line piers 1:30 P. M.

burgh with 2,217, and the Mon-  
golia with 4,403 men may also ar-  
rive to-morrow.

## BRITISH UNION LEADER HINTS AT CABINET FALL

Failure to Grant Miners' Demands  
Will Mean Paralyzing Strike,  
Says Williams.

LONDON, March 5.—Failure to grant  
the miners' demands for a six-hour day  
and a 50 per cent. wage increase will  
result in a general strike of the "triple  
alliance," which would paralyze Brit-  
ish industries and probably force a  
change in the Government, Robert Wil-  
liams, General Secretary of the Trans-  
port Workers' Federation, declared to-  
day.

The "triple alliance" is the common  
term for the transport workers, railway-  
men and miners. Williams' organiza-  
tion alone numbers close to 300,000.  
Williams, who, next to J. H. Thomas  
and Robert Smillie, is the most influ-  
ential Laborite in Great Britain, is not  
optimistic regarding the result of the  
inquiry being conducted into the min-  
ing situation by the Government. He  
does not believe the miners will accept  
a compromise.

## PAN-GERMANS DEMAND PROTECTION OF KAISER

Issue a Proclamation Calling on  
Government to Provide Safe  
Retreat on German Soil.

BERLIN, March 5 (Associated Press).  
—The German National Assembly or the  
Ebert Government is in honor bound to  
furnish a safe retreat on German soil  
for former Emperor William and his  
wife, according to a proclamation  
adopted by the Pan-German League at  
a meeting held at Habburg, Bavaria.  
The proclamation further demands that  
political responsibility for the "suicidal  
armistice" of Nov. 11 be definitely fixed  
and the guilty parties expelled from the  
public service.

The proclamation of the pan-Germans  
begins with the accusation that the col-  
lapse of Germany was due solely to  
traitors "among our own people who  
openly boasted of their achievements."  
The pan-Germans announce that they  
have no confidence in the new Govern-  
ment and that they do not believe that  
the present form of Government is  
suited to the needs of the German  
people.

## SEATTLE REPUDIATES BOLSHEVISM AT POLLS

Mayor Ole Hanson Declares Elec-  
tion for Council Is Message  
to Country.

SEATTLE, March 5.—Seattle's citi-  
zens "by their ballots yesterday  
repudiated attempts to establish Soviet  
authority in Seattle just as much as  
they repudiated such attempts by po-  
lice authority a few weeks ago,"  
Mayor Ole Hanson declared in state-  
ment to-day expressing his gratifica-  
tion at the re-election of three city  
Councilmen over candidates endorsed  
by certain labor leaders.

"This election," he continued, "is  
evidence to me that every true Amer-  
ican citizen will repudiate preaching  
of class hatred if given the opportu-  
nity. Seattle remains loyal to our  
Government."

The Seattle, Tacoma and Aberdeen  
Metal Trades Councils will take a  
referendum to decide whether they  
shall return to work immediately un-  
der conditions prevailing January 21,  
when they struck for higher pay.
